SUMMARY

Motivated and enthusiastic B.Tech Artificial Intelligence and Data Science student seeking an opportunity to apply my technical knowledge, improve my skills, and contribute to the growth of an organization while gaining practical experience.

CAREER OBJECTIVE

A 3rd-year B.Tech Artificial Intelligence and Data Science student at Anna University, seeking an internship opportunity to apply my skills in Python, SQL, and data analytics gained through hands-on certifications, and to build practical experience in data science and AI while contributing meaningfully to a team.

EDUCATION

B.Tech Artificial Intelligence and Data Science Jan 2024 - Dec 2028
Anna University, Chennai

SKILLS

Google Cloud & AI	Generative AI, Prompt Design (Vertex AI), AI Agents (Agentforce), Basics of Artificial Intelligence
ServiceNow	ServiceNow Administration, ITSM Fundamentals
Databases	SQL, MongoDB (CRUD Operations)
Programming & Data	Python
Analytics & Visualization	Statistics, Probability, Linear Algebra, Power BI
Digital & Technical Fundamentals	Digital Skills, Digital Application Fundamentals (STEM)
Languages Spoken	Tamil, English

EXPERIENCE

Academic Project — Student Management System

B.Tech AI & Data Science, Anna University

- Developed a browser-based Student Management System using HTML, CSS, and JavaScript, implementing full CRUD (Create, Read, Update, Delete) functionality with localStorage for client-side data persistence, using AI-assisted development tools to help plan the structure and debug logic.

Self-Directed Learning — Cloud & AI Tools

Google Cloud Certifications

- Gained hands-on exposure to Generative AI concepts and Prompt Design workflows on Vertex AI.
- Explored AI agent building fundamentals through the Agentblazer program on Trailhead.
- Studied core concepts and fundamentals of Artificial Intelligence through UniAthena.

Self-Directed Learning — Platform Administration

ServiceNow Certifications

- Learned ServiceNow platform administration fundamentals and core ITSM concepts through guided coursework and simulations.

Self-Directed Learning — Databases

MongoDB & SQL Certifications

- Practiced CRUD operations in MongoDB and relational database fundamentals through SQL coursework.

Self-Directed Learning — Data Visualization

SkillCourse

- Completed a 30-day micro-course building foundational Power BI skills for data visualization and reporting.

CERTIFICATIONS & COURSES

Google Cloud & AI

- Introduction to Generative AI | Google Cloud
- Prompt Design in Vertex AI (Skill Badge) | Google Cloud
- Be an Agentblazer: Gain AI Agentforce Skills on Trailhead | Salesforce
- Basics of Artificial Intelligence | UniAthena

ServiceNow

- Welcome to ServiceNow | ServiceNow
- Micro-Certification - Welcome to ServiceNow | ServiceNow
- ServiceNow Administration Fundamentals On Demand | ServiceNow
- Guided Simulation: SNAF LabX | ServiceNow

Databases & Technical Skills

- CRUD Operation in MongoDB | MongoDB
- SQL and Relational Databases 101 | CognitiveClass.ai
- Digital Application Fundamental (STEM) | Future Skills Prime
- Digital Skills | Microsoft

Data Visualization

- 30 Days Power BI Micro Course | SkillCourse
